**Subject:** Re: Weds Dialer Production

Hello Don,

If you would be so kind to re-examine the calls made on the dialer and assign proper credit, I would greatly appreciate it? I could be wrong but I double checked the email address I used when I was on the dialer this week and it was the correct email address of [kgreen1@mikebloomberg.com](mailto:kgreen1@mikebloomberg.com). If I used the wrong email address, it is totally my fault. I would hate for all of us not to get the credit for the calls we made.

Thank you for your time and attention to this matter!

Sincerely,

Kellie Green

Below is Weds dialer production. If you don't put your CORRECT Bloomberg email address in the dialer you don't get the credit. How some of you put [@bloomberg.com](mailto:@bloomberg.com) as your email address is beyond me. As we talked about on the call last night, those that consistently produce, they will be around after the primary. Those that don't, will not. Its as simple as that. I will send this around everyday we are on the dialers so that there is no confusion about who produces and who doesn't.
